

Founder's Blend

By, Jim Croft

There's no denying that the Christian Bible and Islam's Quran contain similarities that both groups might wish didn't exist. Strong cases in favor of the following could be made from both volumes: Genocide, ethnic cleansing of conquered lands; mass beheadings; cruelty toward animals; gender bias against women; forced conscription of captive women for sexual purposes; flogging; stoning; limb amputation; bruising punishment of children; and the endorsement of slavery. However, there's an amazing difference in the fruit or the actual policies of the 2 religions when the respective founder's characters are blended into the equations.

Muslims are to assimilate the character, lifestyle, and practices of Mohammad and Christians are to do the same in regard to Jesus Christ of Nazareth. The founder's spirits are to become a shaken and stirred blend integrated into the personalities of their respective devotees. The results have stark contrasts that are verified worldwide every day.

The spirit and character of Mohammad blended with the violence and cruel policies spoken of in the Quran produce the previously listed detriments to mankind. The Spirit and character of Christ blended in produces ever-bettering reversals of the detrimental precepts found in the Bible. The bottom line is that Christ within generates a conscience that finds solace in mercy and benevolence. Mohammad within generates calloused conscience that's insensitive to the plight of the downtrodden.

Dozens Killed As 2 Attacks Target Coptic Christians In Egypt

At least 44 people were killed and more than 100 injured after suspected suicide bombings in two different Egyptian cities at Coptic Christian churches Sunday.

The interior ministry said one of the explosions was a bombing in Mar Gerges church in Tanta, a city in the north of Egypt in the Nile Delta, located between Cairo and Alexandria. The church was full at the time with worshippers observing Coptic Christian Palm Sunday.

Suspicion: Shariah Law Concept Hijacked From Jews

By Jim Croft

Anyone whose studied Islam knows that Mohammad was well acquainted with Jewish and Christian holy writ and concepts. Both religions predate Mohammadism on the Arabian Peninsula by hundreds of years. When the Jews returned from Babylonian captivity in 538BCE, some eventually settled there and established community synagogues. The Apostle Paul cut his eye teeth in Christian ministry in Arabia. (Gal 1:11). Islam was not invented till 610CE in Mecca.

The Quran has revised versions of Old Testament Bible stories and mentions Jesus more frequently than Mohammad. It's obvious that the hallucinating prophet leaned heavily on the established religions when concocting his own. He initially had high hopes that Jews and Christians would replace their respective faiths with his. He was enraged when they didn't, and moved his HDQ from Mecca to Medina.

This is when he turned into a nasty tempered theocrat who needed a religious device for clergy to control masses of adherents. My theory is that he and later leaders hijacked

the concept of Talmudic Law from the Jews and titled it Shariah. Remember that the Pharisees of Jesus Day had add-on interpretations of the Torah that they used to control every aspect of people's lives. Jesus declared that these manmade traditions (takanot) made the Commands of God (Tanakh) to no effect. (Matt 15:1-3 Hebrew Version of Matthew, my paraphrase)

Talmudic Law was spawned by rabbis and priests during the 70 years of Babylonian Captivity. Upon their return to Israel from exile, it was developed further. By the time that Jesus came on the scene 400 years later, the rulings were so complex that they were hardly recognizable as having Torah roots. Talmudic tradition grew more strenuous in the following 600 years leading up to Mohammad's lifetime. Unquestionably, he encountered the concept through Arabia's Jews.

My suspicion is that he saw a copycat version of the Talmudic concept as a way for Islam's Caliphs, Imams, and Mullahs to keep Muslims under their thumbs. This hijacking produced Shariah Law. It's rightly the dread of Christian nations with its' spousal abuse, flogging, stoning, hand amputation, and beheading policies.

Jesus said the Pharisees would travel far to proselytize subjects to Talmudic Law who'd wind up twice the children of Hell as they. (Matt 23:15) Shariah creates Hell on earth for all concerned whether proponents, oppressed minorities, or jihad conquered nations.

Another indication that Muslim migration into Europe has lethal consequences that will have to be faced sooner or later, one way or the other.

[Obama's Strategy Unveiled to Destroy America from Within](#)

By Sally Bode

We switched sides in the war on terror. Instead of empowering the peaceful Muslims of the Middle East, we have been arming the terrorists. Now the strategy is to bring the jihad here

vs. fight them there and they won't come here. If you switch sides as Obama has done, that you are pro-Al Qaeda pro-ISIS, why would that strategy only be for foreign policy when it may work just as well domestically? So while the government aims at getting rid of the guns of legal gun owners, to follow the plan, then the government must arm the jihadists. The guns it confiscated, why destroy them, just redistribute them. This was done to arm the terrorists as if we would never wake up to what the Obama/Bush governments were doing.

During WWII, FDR turned down accepting a boat load of Jews seeking asylum. They were shipped back and most died in Nazi extermination camps. Fast-forward to 2015: the US government is not building refugee camps here, so what is the plan, where do these Syrians go? Obviously they will go to the states with most liberal immigration statistics on record. Hello, California. No water to be held by dams you didn't build and while the rainwater is running out to sea, we can take able-bodied Muslim men as have been seen marching into Europe? Where are the women and children? Did you know that jihad attracts Muslim all over the globe to their declared war zones? Consequently many haven't come originally from Syria which is why they aren't coming with their wives and children. But they don't speak Syrian either. If they speak Arabic or Farsi, they may have a language in common. This jihad group comprises Black Muslims from north Africa to Muslims coming from Pakistan and Afghanistan and others. Again, they leave their wives and families at home which explains the "refugees" marching as a non-uniformed army into Europe.

Refugees actually would prefer to live among their own people but since funding comes greatly from Saudi Arabia and Turkey, they don't want them. So the jihad assemblage is passed off as "refugees". If rat poison labeled as "cake mix", would you buy that too? There is no vetting, they have no documents. Brought here by our government, a country too broke to give retired people on S/S a cost of living wage, who will ban oil burning

and coal burning furnaces which means people will freeze in cold winters back east. Wonder where the housing is going to come from any longer? While all of us must be vaccinated to prevent epidemics, who is looking at these "immigrants" shot records? Climate change is a tool in the hand of Obama to break the back of our people. Simultaneously, there may be plagues of diseases we are ill-equipped to deal with which is being seen already in Germany. These are judgments which fall quickly or even at the same time as was predicted in the apocalypse of John, the Revelator.

Obama wanted to have a internal army, just as well-funded and armed but could not find any who would take on the task of killing the pesky Jews and Christians. He is playing chess with our lives, he has with the help of the stupid-on-purpose or gullible liberals, just about gotten us in checkmate. Climate change is the means of making Americans freeze to death. It is a major killer of the homeless, without heat, it can be a major killer of those who aren't if in which a polar vortex as we have seen where upper atmosphere heating by HAARP brought in cold we have never seen before. People froze in their cars but they had heat at home. If they shut off those who heat by crude oil and coal in conjunction with that same cold which looks like it was manipulated, you could have death without radiation poisoning the land. By now many of us know that whatever Obama says is a lie and that he is up to no good, that most of what he does is only good for the Muslim Brotherhood and not the population at large. The Muslims don't want to live in tents and will not have to. These two things will work hand in hand.

Do you suppose if a Christian student in Egypt took a "clock" in a suitcase which looks like a suitcase bomb to school, he's be congratulated or that he'd be shown how to sue for \$15,000,000? Obama will use anything to embolden Muslims to take a country to enervated with liberalism that we can no longer think rationally. The liberal justice system clearly

does not know right from wrong any longer.

If the purpose is to take the government, they won't want the jihad army scattered very far from Washington, D.C. The goal of the Muslims is to destroy this country with our own miserable hands. Wake up and stop playing. Dr. Bill Warren has many excellent videos on YouTube detailing political Islam. Yes, it wears a mask of religion, but it is a constitution and if you think your rights matter, in short order you will not have any. In any war, some give all, and all give some. We owe it to our children to think as you can see when we pay others to think for us so we can "play", only paints a target on our backs when they run out of money and the banks won't fund them. But allowing the Muslims to create a revolution which the administration will not block, we become solvent. All that debt goes away like the banana republics who owe us billions. What becomes of our nuclear arsenal? When the fox has the keys to the hen house, won't the fox, i.e., Obama use them by even "sharing" with unfortunate Muslim countries who can't wait to join in the Middle East jihad. The scenario for the war of Armageddon is now. Wake up.

This has been a long time in coming. By shutting down our economy and keeping it stagnant, Americans are at wits ends to hold on to their poor paying jobs, hours have been cut to allow the employer not to pay for Obamacare. This is not done as a series of accidents by an inept president. He is on the phone daily with Erdogan of Turkey, to guide his stealth jihad. Obama, one who understands dark sentences, that if you turn many away from God and paint the White House in the colors of the rainbow to say how "Gay" our society has become, that you take God's hedge of protection away from us. This "hedge" has saved America before but unless Americans repent, that hedge is in shambles now. We reap the fruits that we many not have planted ourselves but many have led the generation under us, down the primrose path to doom. This is why Darwinism or evolution is a real attack on us, God is our

hedge, but only to those who believe. Make the first chapter of the Bible read like “once upon a time”, any you have pulled the rug out from under us. This government with three branches of government has depended upon the fourth invisible branch of the press which is in bed with the Liberals, the media has made the coming reign of terror possible. Terror is the means which Muhammad chose. We have not named the “war on terror” it is the defense of the West against Islamic jihad. When you cannot name an enemy but only name a tactic, it blames the spoon for making you fat. This is just stupidity.

I do pray for my country and the first prayer is that we would repent, that God would rebuild our hedge of protection. Now, I see that not as a hedge as a country, but around brave individuals who will tell the truth and preach the Gospel all at the same time. American has turned their back on God but then there are no atheists in the trenches. Then even an atheist will at last be able to hear the voices of the church if within the church are those who have studied history, Islam and the other social experiments which lead to despotism: socialism and communism fueled by Darwinism.

Call out to a God who still hears, Jesus never fails. Invite Him in your heart. Read the Bible. It is to those who believe, a high tower against the enemy. God’s promises are not without power to save even today.

[America and Muslims](#)

By Sally Bode

Avi Lipkin, an American born Jew, moved to Israel as a young

man and made Israel his home. He married an Egyptian-born Jewish woman named "Rachel" who as an Arabic speaker, has worked for the state of Israel listening to Arabic broadcasts and telling the world what the Arabs tell one another which is quite different from what they tell the West.

Avi Lipkin did not like the Christians of America and told his wife: "The Goyem hate us." "Goyem" is a term Jews use for which we would say "Gentiles". Having been raised in Egypt and seen the Coptic Christians endure similar persecution to the Egyptian Jews, she exclaimed: "You don't know anything! Christians believe in the same God of the Bible unlike those of the Muslim faith, who hate both Jews and Christians and are likewise called "the people of the book". Avi listened but it took, some time to really change his opinion to that of his wife, noting that the true descendants of Abraham are those who love and those whose lives are devoted to hate, are the religion of God's enemy, Avi now spends time speaking to churches so for the purpose of American revival to help Israel's survival. He has great wit and insight living in the Middle East.

It is hard sometimes as I focus on the evil which Islam has done to not hate Muslims. It does help me to remember that the first victims of Islamic hatred begins with their own children who are taught from early on to hate both Jews and Christians. Hating is not healthy, it creates its own brain-chemistry, such that makes it like an "atomic bomb exploding all the time in my mind" as one of my Muslim friends has described his mental health. This robs a person of peace and when you do not have a calm mind, can you make decisions which are sound? When a person's mind is running on pure adrenaline, memories are sketchy at best as in emergency mode, it is like operating in safe mode on a computer. Not even the screen looks normal.

Critical thinking is something we use in the West to determine even if a person is guilty before a jury of his peers. Our Founders endowed the common man with this right, though many

of us cannot scarcely afford it in this economy and many employers do not cover wages for their employees who must serve on a jury. In the West, the benefit of what was said by God in the book of Isaiah gave a flavor to the religion of the Jews and later the Christians, that we are supposed to understand. There is nothing wrong with questioning if there are good and consistent answers. This is from Isaiah 1:18 though God invites us into dialogue with Him. "Come let us reason together, saith the Lord: though your sins be as scarlet, they will be white as snow; though they are as red as crimson, they will be like wool." Questioning is not a virtue in the Islamic faith. The God of the Bible is not an abrogator, He does not change, nor does Jesus Christ who we know is the same yesterday, today and forever." The Koran is full of abrogation, kind and tolerant verses done away with by later stern and harsh ones. So to understand the Koran by how it works when Muslims find themselves in a position of strength, just look at chapter nine. If you have only time to read one chapter, then this tells you enough and explains the constant wars against Jews and Christians we see today and in the history of Islamic jihad and their holy wars, if we care to look.

Now Avi Lipkin in his study of what Arabs would likely do, made a prediction before we saw it happen. I suppose based on the migration of Muslims to Europe, and the constant wars and displacement of people since the Arab Spring, he predicted that there would be huge numbers of Muslims coming to America as refugees. He said that the Saudis would pay for it and that this would require new housing starts and that these housing starts would be good for the American economy. The part about the Muslims coming to American shores is correct, but I disagree in this point, that it will be beneficial to the American economy based on what is happening in Germany where German citizens are pulled out of their homes to make way for the Muslim immigrants. In Turkey, Muslim refugees were confined to camps and living in tents. Many Syrians have even

lived in such camps in Syria. Both Syria and Turkey get really cold in the winter so this is no picnic in the park for sure. But German winters are severe, though they have nothing on cold winters in comparison to what Russian people have lived with. As to what is happening to the displaced Germans, I cannot report on this as I haven't found articles to describe this yet.

So what will happen in America? Based on the revulsion of Muslims on houses built by the Kafir (non-Muslims) in Germany, only if the Muslims build the houses and apartments will they be good enough to keep Muslims happy. So if jobs go to anyone to build houses in America to house these refugee Muslims, it will be the immigrant Muslims, not the American contractors, carpenter, electricians, plumbers, concrete masons, who will benefit though some will at first.

What we have seen and will likely be the case, that the transportation and the food and housing costs are not being on the tab of the Saudis with deep pockets as Avi Lipkin supposed, but to destroy further the economies of the Christian nations whose faith has been undermined by secularism and Darwinism. So for our abandonment of God, God has promised as He did to the Jews that they would suffer wars, be invaded, suffer loss and be uprooted. We should expect that though all of us do not deserve this, that our nation surely had strayed out from under God's protective covering by despising His councils, His laws and the relationship with Him we were called to and our nation was dedicated to.

What the Saudis will fund is the building of mosques and jihad while continuing to send large endowments to universities so that their sons and grandsons now born here will be ready to be those who will govern America in its future. They do not want to see the Christian West propped up even if Muslims within them suffer which they will as this added burden of immigrants to the United States and to Europe, along with

fighting home-grown terrorism and that of the newly imported jihadis, will be a disaster on the already depressed economies of these nations. It will help the sale of guns but when Americans must choose between self-defense and paying rent, car payments, food or buying shoes for their children as most already live one pay check to another, unless they can pay over time on credit, they may buy guns but not afford ammunition. As the Saudis will fund jihad and even on American soil, mosques becoming armories as they frequently have been shown to be in the war in Iraq, is to be expected. That the Obama administration has a supply of ammo that has been bought up by Homeland Security, is jaw-dropping. Obama has spoken about an internal army inside America and as he finds not enough fit for this task or virulent enough to kill, kill, kill, he is importing an army of Muslim jihadis to fulfill this promise.

Obama has made mincemeat of our laws and our Congress is weak and divided, they do not understand what Islam will do to the United States nor are they listening to voices from the Middle East to educate them. They have turned off this advise as says Robert Spencer of jihadwatch.com and Brigitte Gabriel, Noni Darwish, Brother Abdullah al Araby, Walid Shoebat, Avi Lipkin and the second generation bloggers who in the wake of 9/11 have educated themselves on Islam. A new voice to pay attention to which offers much insight is Bill Warner in his many videos on YouTube on Political Islam. We must encourage our hearts by standing with those who resist the spread of Islam.

At the same time, we must educate ourselves of why our schools are failing and our culture has become so immoral and pray for revival in America, in Europe and in the rest of the world as well as for the prayers of the persecuted church.

Darwinism has undermined our faith, even those who attend church may not believe the Bible fully. If you can take the story of Creation and turn it into "once upon a time", can you

really take any of it as seriously as we should?

As if there isn't enough to learn, but in case you would diversify your ability to stand in these last days, to know that God did indeed create this world as He said. We must stay strong in our faith and as it is weakened, follow the advise of scripture to strengthen ourselves. There are many voices which are reputable and give a good testimony of God's creation and the Biblical flood that can inspire us and help us to witness to Darwinists as well. As many Darwinists are virulent in their hatred second only to that of Muslims, that the two would become allies of one another is certainly what we see. Liberalism in politics is in bed with Islam and we see it in our own government giving many positions of power to those who are Muslim Brotherhood. Until Darwinist also see that this paints as much a target on their back as it does for Christians and Jews, and that their arguments are false, they will continue to say "all religions are equal". Not all religions worship the true God, some like Islam, have mad Satan, who calls himself "Allah", theirs. Allah wants to be worshipped and will not be content with atheism or agnostics either. These are what the Muslims find among us as "useful idiots" and are just as likely to be killed in time as we who are Christians or Jews. Even Muslims do not have respect towards cowards or traitors to their own culture. Until we can also help our neighbors and friends and alright, let's be honest, even our enemies see that it is in everyone's best interest to believe in the God of the Bible, our witness will be incomplete. Of note among Christian apologists for Creation are Dr. Carl Baugh, Dr. Don Patton, Dr. Kent Hovid, Ken Ham. Then there are the scientists who became creationists such as in astro-physics, biology. One needs only to Google or to search on YouTube for excellent lectures on the subject of why Creation is the best description of the fossil record and not evolution.

However the rotten house of Islam though it should collapse

under its own weight nor Darwinist will do likewise as despite evidence to the contrary, men and women cling to these things because their deeds are evil and they know not the God who made them, they do not know His love or His grace and we must be ready to give an answer to any for the faith within us. We are told to “study to show ourselves approved” but that does not mean only the scriptures but to be wise and find those arguments raised against us by Darwinism and by Islam to do as the men of old of faith like Daniel who shut the mouths of lions.

It is like if one were to wash their windshield, washing just one part is insufficient. So also are we like guns without bullets if we do not know arguments we will need in the future to help us win souls or to strengthen the resolve of others to do what we cannot do ourselves.

It seems like a daunting task. But we must recall as St. Paul stated “I can do all things through Christ who strengthens me.”
