Another indication that Muslim migration into Europe has lethal consequences that will have to be faced sooner or later, one way or the other.

“INFO NICE MORNING. A Niçois of Tunisian origin at the wheel of the truck,” translated from [Nice-Matin](#), July 14, 2016 (thanks to Bill):

A 31-year-old Niçois of Tunisian origin was driving the truck that claimed over 70 people on the Prom in Nice on Thursday night.

The Frenchman was 31 years old.

According to our information, it was a Niçois from Tunisia who drove the truck. The young man of 31 years also fired on the crowd as he drove. More than 70 people died.

At least 77 are dead after a truck drove into the crowd after the fireworks in Nice.

His truck was loaded with weapons and grenades.

The driver was shot dead by police.
